

JOSHUA SOBOIL

Health Economist

Seeking to further develop career in the HEOR field. Particularly interested in developing comprehensive cost-effectiveness models and other HTA roles.

Undergraduate degree provided a mature and holistic understanding of complex socio-economic systems. An eye for detail coupled with deep intrigue for statistics and economics spurred on the development of skills over and above required for Master's.

Thus, has deep decision modelling skills with high statistical programming proficiency. Experience in varied backgrounds, with a passion for continuous learning, provides a uniquely diverse skill set.
